Subject: AEIC 2020 Committee Teleconferences

AEIC Committee Chairs,

As you may know, many of the AEIC committees are conducting committee-wide telephone conferences to discuss questions and responses related to the COVID-19 situation, or to have general briefings of member companies.

This sharing of information is what AEIC is all about, and we would like to see more of a broad dissemination of this information to everyone associated with our AEIC committees, subcommittees, and DA Council.

We are asking each of our committees to do either of two things:

1. Would the person asking questions of your committee please compile a document containing the committee responses and send that document to the committee and directly to the AEIC office for broad distribution.
2. If the committee holds a discussion on a general topic, please appoint someone to take notes during the discussion and compile an information summary that will be sent to the AEIC office.

The AEIC office will prepare an information release and send it out to our AEIC membership immediately.

Please email the compiled/summarized information to lholland@aeic.org and rcrump@aeic.org.

Regards,

Terry Donnelly
President & COO
ComEd
AEIC President
